

In Grateful Recognition of Outstanding Leadership and Service

Joseph D. Tario
ITS-NY President
2008 - 2010

*On behalf of your fellow Officers, Board of Directors, and all ITS-NY Members,
THANK YOU, Joe,
for your outstanding leadership and service to ITS-NY during these past two years as President!*

Your list of accomplishments is extensive, and only a few are mentioned here:

- *ITS-NY was the Local State Chapter Host of the ITS World Congress in November 2008 in New York City. Well over a year's planning resulted in such activities as the Special ITS-NY International Reception at the New York Transit Museum, attended by more than 250 persons from around the world.*
- *The ITS-NY 2009 and 2010 Annual Meetings and Technology Exhibitions were grand successes with highly informative speakers and presentations, great attendance, and numerous state-of-the-art ITS technology exhibits, along with additional educational forums and webcasts also conducted during these years.*
- *The ITS-NY Education Committee was established to foster the Education and Outreach Mission of the organization. Academic Sector Members are fully involved and students are being encouraged to engage in ITS. Additionally, Continuing Education Units have been awarded to ITS-NY Annual Meeting attendees.*
- *The ITS-NY Website was refreshed and updated, and ITS-NY is active on Twitter, Face Book, and Linked In.*
- *ITS-NY Membership grew from 49 Members in 2008 to 61 Members in 2010, and represent all sectors of the ITS Community. And, financially, ITS-NY is not only solvent, but thriving.*
- *ITS-NY was selected as the Winner of the 2009 ITS America State Chapter of the Year Award!*

ITS-NY Thanks President Joe Tario!
