

**Christopher Jones**  
**Program Manager, Intelligent Transportation Systems Program**  
**Acting Director of Intelligent Transportation Systems Maintenance**  
**New York State Thruway Authority**

Christopher W. Jones has served as the Program Manager for the Intelligent Transportation Systems Program for the New York State Thruway Authority for the past 14 years. He is responsible for coordinating: the Authority's ITS Capital Program; the Authority's ITS technical committee; planning, operating, and system development efforts for devices and systems focused on traffic management and traveler information; and collaboration with the regional Traffic Management Centers. In September 2012, he also assumed the duties of Acting Director of Intelligent Transportation Systems Maintenance, which added the maintenance functions of the Authority's toll system and Intelligent Transportation Systems (ITS) to his program area. These added duties consolidated the program development, implementation, and maintenance aspects of the ITS program. Mr. Jones received a Bachelor of Arts Degree in Computer Science and Mathematics from SUNY Potsdam College and an M.B.A. from Rensselaer Polytechnic Institute.
