**Walter Dunn
President and Founder
Dunn Engineering Associates, P.C.**

Walter is President and Founder of Dunn Engineering. Founded in 1982, the firm specializes in the Planning, Design and Operations of ITS. Walter is recognized as an ITS Pioneer in New York State. As a result of his 15 year career with Region 10 of New York State DOT, he is known as the "Father of INFORM" and more recently as the "Grandfather of INFORM." Walter is a Licensed Professional Engineer in 8 states, and has been a Member of the TRB Freeway Operations Committee for over 27 years. He has also been Principal Investigator for FHWA Handbooks, and, if you ask what he knows about Freeway Incident Management, Communications, Route Diversion, Managing Travel for Planned Special Events, Walter can truly say, "we wrote the book on it." Walter has also written courses for NHI and serves as Senior Instructor for Managing Travel for Planned Special Events, and Using the Incident Command System at Highway Incidents.
