

**Arthur T. O'Connor, Ph.D., P.E.
U.S. Department of Transportation
Federal Highway Administration
New York City Metropolitan Office**

Arthur T. O'Connor has been with the USDOT/FHWA for over 35 years. Art co-established the New York City Metropolitan Office in late 1996/early 1997 and has spent over 26 years working very closely with all downstate metropolitan partner agencies in the advancement of a wide range of federally-funded ITS and operations programs and initiatives. He spent the previous 9 years in the USDOT/FHWA Boston (Cambridge) office as a Civil (highway) Engineer in a variety of traffic engineering, safety, and ITS related positions. He also spent the previous 6 years as a Structural Engineer in private sector consultant & construction engineering firms with specialization in the nuclear power industry.

Art has served as an Adjunct Faculty Professor at Stony Brook University (Long Island, NY) and at his alma mater, Merrimack College (North Andover, Mass).

Art holds a Ph.D. and Master of Science in Transportation Planning & Engineering from the New York University Tandon School of Engineering, a Master in Business Administration from Suffolk University (Boston, MA), and a Bachelor of Science in Civil Engineering from Merrimack College. He is a Registered Professional Engineer in multiple states. He is honored to serve on the ITS-NY Board of Directors and as President Emeritus of ITS-NY. He is also a member of both ASCE and ITE.
