ITS-NY A Network of Success for Over Two Decades

ITS-NY is a leading advocate for utilization of technologies that improve mobility, safety, security, and efficiency of New York State's transportation network. ITS-NY provides a forum for ITS-NY Members of all modal interests to bring different ideas to information exchange and issues solutions. Our overall long-term goal is education/outreach to foster ITS utilization. ITS-NY also reaches out to "next generation" ITS participants through our Academic Sector Members and activities such as our Best ITS Student Essay Contest each year. Additionally, ITS-NY reinforces outreach to the ever-changing current-day arena including legislative and practice professionals.

FOCUSED MISSION

Celebrating over 25 years, ITS-NY's Mission is to:

- provide a forum for continuing professional development through meetings, education, and outreach.
- foster enhancement of travel in NY using ITS.
- create an extensive public-private-academic professional network for ITS information exchange.
- encourage national participation in the future of ITS through such entities as ITS America.

BROAD-BASED LEADERSHIP

The ITS-NY Board of Directors is comprised of...

- 26 Public, Academic, and Private Sector Members, with the New York State Department of Transportation holding a permanent seat.
- Board Members with diverse modal interests (highway, transit, commercial vehicle, urban, rural) and technology interests including traveler information, traffic and incident management, safety, and energy conservation.

DIVERSE MEMBERSHIP

All perspectives contribute to ITS Success! Now approaching twenty years in existence, ITS-NY's Membership is comprised of transportation agencies and organizations, toll authorities, MPOs, academia, and private sector firms. Collectively, this constituency represents thousands.
