

Judith Peter

Judith has worked for New York State Department of Transportation for over 25 years in the Construction, Traffic Safety and Mobility and Planning Unit. She also served as an Assistant to the Regional Director for 8 years.

Her current position is as a Joint Transportation Management Center (JTMC) Manager. In this capacity, Judith supervises the daily activities of the JTMC; informs Region 11 staff about incidents of major significance; reviews and coordinates construction calls to the JTMC, including late running construction; participates in Monthly Partner's Meetings, Monthly Equipment Meetings; reviews and assigns JTMC staff schedules; and works on weather related incidents. Judith also serves as a leader on the Region 11 Emergency Management Team.

Judith is a Panel Chair – TRB - National Academy of Science, Engineering and Medicine; NCHRP Project 03-148. Judith is also a member of the AASHTO - CTSO Communications Technology Working Group and a member of the TRB ACP15 - Standing Committee on Intelligent Transportation Systems.

Judith holds a Bachelor's Degree in Civil Engineering from the Pratt Institute and a Master's Degree in Transportation Engineering from The City College of New York. Judith is a registered Professional Engineer in the State of New York. Judith Peter is also an Adjunct Professor at the City College of New York.
